

Introducing LF-1050N 40ga Nylon Pouch

AN OLIVER EXCLUSIVE

In healthcare packaging, Nylon is widely recognized for its strength and consistent performance. 60ga and 100ga Nylon are often utilized, and both are available from Oliver. Based on an unanswered need for a more affordable premium solution, we are pleased to introduce LF-1050N, our 40ga Nylon pouch. This product is ideal for:

- Those looking to upgrade from PET
- Engineers who appreciate the superior flex cracking characteristics of Nylon
- Procurement professionals who are looking to keep cost low
- Companies struggling with delamination when PET goes through EtO sterilization

To learn more, please visit www.oliverhcp.com/40gaNylon or speak with your Oliver representative.

Need a stronger material to better protect your medical device?

Do you want to reduce your packaging footprint?

Are you looking for a more cost-effective Nylon option?

Introducing LF-1050N 10/50 BON/PE Pouch
