

Oliver Stock Pouch Program

Next-day shipment from a partner you trust

Our customers have come to rely on Oliver for our technical expertise and proven quality. As experts in sterile barrier packaging, we understand the complexities involved in designing, qualifying and validating medical device packaging.

Introducing the Oliver Stock Pouch Program, where we deliver high-quality peelable pouches with *next-day shipment!*

- ✓ Need pouches for testing & validation?
- ✓ Starting a new project?
- ✓ Looking for pouches to help cover current inventory?

Let Oliver help. With our Stock Pouch Program, we offer a variety of pouch sizes constructed from DuPont™ Tyvek® and coated with our proprietary SealScience® water-based coating, making them compatible with various sterilization modalities.

Next-day shipping available to EMEA customers.

PACKAGING HAS NEVER BEEN THIS QUICK & EASY.
